EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ronald Rohde (Reg. No. 50,050) on 4/25/2008.

The claims have been amended as follows:

5. The method of claim 34, wherein each unaligned data sequence has a length less than a length of the second aligned word.

Information Disclosure Statement

The IDS filed 9/6/2007 has been reviewed for completeness; the inadvertent omission of the initials for the 2005/0268271 references has been corrected. A signed copy has been included herewith.

The IDS filed 4/25/2008 has been reviewed and a signed copy attached herewith. U.S. Patent No. 5,247,782 to Ewert (IDS page 1) has not been considered as the parent number is not associated with the correct inventor. The Examiner believes a typographical error has occurred in the patent number for the Ewert reference.

Reasons for Allowance

Claims 2-5 and 31-34 (renumbered 1-8) are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Applicant's After-Final response and amendments to the claims filed 3/28/2008, have overcome all outstanding rejections.

As per claim 31, the prior art of record does not teach or suggest, either alone or in combination, the method steps of performing an unaligned access as set forth in the claim.

As per claim 34, the prior art of record does not teach or suggest, either alone or in combination, the method steps of processing unaligned data as presently claimed.

Claims 2-5, 32, and 33 are allowable as being dependent upon an allowable base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to SHANE M. THOMAS whose telephone number is (571)272-4188. The examiner can normally be reached on M-F 8:30 - 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Matt M. Kim can be reached on (571) 272-4182. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
